The background of the entire page is decorated with a pattern of light grey sports-related icons, including basketballs, soccer balls, tennis balls, boxing gloves, and dumbbells. Scattered throughout are yellow stars of various sizes. A large, solid yellow star is positioned in the lower-left quadrant, partially overlapping the table.

## ABOUT US

Our number one priority at Super Star Sport is to positively influence the next generation through enjoyment, engagement and creativity, ensuring that sport, exercise and healthy living is a child's number one priority for life.

We achieve this through offering equal opportunities for every child of every age and ability, across our national movement which will educate and inspire by unleashing the power of sport!

Inspiring the future for all at Super Star Sport is something we feel very strongly about and we aim to give as many children as possible the opportunity to be taught by our highly motivated and enthusiastic team of coaches. We currently deliver sessions to over 6000 children per week in many nurseries, primary schools and children centres across the country, as well as through our very own evening and weekend sports sessions, youth football teams, and sports birthday parties.

Our positive and enthusiastic approach to coaching and customer care is what we feel makes us stand out within the children sports coaching industry as well as the high quality at highly affordable rates. The Super Star Sport vision is to become the world leader of children's sport coaching and we are already dominating the nursery sports coaching sector, in which we are pleased to say that we have been confirmed as the UK's leading provider. Our school curriculum lessons and other sports provision are also becoming a big section of what we do as a company, in which we are really proud.

# Physical Education & PPA

Super Star Sport aim to support your school with a specific tailored curriculum which has been developed alongside Ofsted guidelines. We aim to intertwine all parts of school life including physical education, classroom learning and the social aspects of school. We want to build the children's knowledge of the skills identified in the curriculum. All sessions are treated as more than just lessons with the ultimate goal being that children learn as many skills as possible. We can even help with individual pupil assessments and help track the progress of all students.

Our aim is to improve our service continually, to always to meet our clients' high standards and ensure the children get the very best physical education. Our coaches attend regular training and are kept up to date with the ever changing national curriculum and national landscape such as the recent COVID-19 pandemic. All coaches receive enhanced DBS checks, CPD and first aid training. Our Physical Activity Coaches possess the skills and qualifications to manage full classes of children, meeting the needs of all children and coping with challenging behaviour.

Through a wide range of physical activities, we offer the opportunity for the children to apply their wider knowledge in different situations and scenarios. We want to create memorable experiences for the children as this is fundamental to our curriculum and our ethos at Super Star Sport. We hope the inclusive experiences they gain in Super Star Sport physical education lessons in school will lead to children enjoying physical education outside of school and leading a healthy lifestyle.

## Extra Curricular Activities

Super Star Sport offer a wide range of extra-curricular activities these include before school clubs, lunchtime clubs and after school clubs. We provide an extremely diverse range of activities for all year groups in your school.

There are three ways in which we can run our extra-curricular activities. We have parent paid clubs which are very cost effective for the school. School paid clubs that help children access something which they may not be able to if it was a parent paid club. Finally, we also offer part funded clubs where the school pays for the club but they also receive money from the parents therefore helping ease that financial load for the parents; we find that these clubs are very popular as it gives more children an opportunity to attend.

We also provide schemes such as the children that need to develop their social skills this is where Super Star Sport train some of your pupils to lead lunchtime activities for other children. This works really well if you are looking to give children more responsibility within school, it also helps with children's social development. You may decide to choose children to be Lunchtime Super Star Sport Leaders that need to develop their social skills, this will also help build confidence by giving them responsibility and leadership skills.

**We provide a range of SUPER clubs, including:**

- |                |                 |
|----------------|-----------------|
| ★ Football     | ★ Fun Fitness   |
| ★ Basketball   | ★ Ninja Warrior |
| ★ Gymnastics   | ★ Construction  |
| ★ Tennis       | ★ Dance         |
| ★ Athletics    | ★ Lego          |
| ★ Dodgeball    | ★ Nerf          |
| ★ Multi-Sports | ★ Cricket       |
| ★ Archery      | ★ Rounders      |
| ★ Martial Arts | ★ Netball       |

“

I have been bringing my little girl to Super Star Sports classes for 3 months now and my little girl has come on so much!

The classes have improved her social skills massively! She always leaves with a huge smile on her face!

## Continuing Professional Development

The teachers in your school are highly skilled experts in the classroom. Super Star Sport can help them transfer those skills into a Physical Education environment. We are committed to helping teachers become more confident in delivering PE to a high standard, improving the quality of lesson delivered to your pupils.

Your teaching staff will get professional development, mentoring, training and resources to help them teach Physical Education more effectively to all pupils. Let us help you embed physical activity across your school.

## Staff Wellbeing

Staff wellbeing is something that is hugely important within the education sector. Here at Super Star Sport, we believe we can help with your staff's mental health and wellbeing. We can help organise team building activities this could be in the shape of weekly fun exercise sessions with all members of staff. This will help the teachers let off some steam after a long hard day teaching.

We can help teachers and staff do part or all of their recommended 60 minutes per day exercise, we feel that this will have a massive benefit on mental health and wellbeing. Your teachers may even pick up some new physical education teaching skills which they might want to use in their lessons. We're not just here to help with children's health and wellbeing. It's very easy to forget about the teachers that are helping with the children's mental health and wellbeing every day.

**We offer  
discounted rates  
for Teacher  
focused activities  
as we want to  
promote a healthy  
lifestyle for all**

## School Events

Super Star Sport want to take out all the stress of organisational and logistical issues. We understand how time consuming organising your school sports day and other events such as competitions and sports fixtures can be. This is where we come in, leave everything to us for an activity packed, stress-free day. Many schools come to us to help organise events.

We also provide the option of themed activity days and clubs around subjects you're focusing on in the classroom, combining education and fun. We pride ourselves on creating the best inclusive environment for all and you will find our packages are excellent value for money as well.

- ★ Sports Days
- ★ Super Star Sport Day
- ★ Nerf Days
- ★ Dance Workshops
- ★ Cheerleading Workshops
- ★ Outdoor Activity days
- ★ We also offer tailored events specifically for your schools needs

We are also able to offer your school the chance for us to bring the Residential activities to you. We know that residential trips can be expensive to both the school and parents, in turn making this not as accessible to all children. Here at Super Star Sport we want to change this by bringing the activities to you in order to give your children a fun and enjoyable residential inspired experience.

- ★ Archery
- ★ Tent building
- ★ Orienteering
- ★ Nerf Wars
- ★ Tug of War
- ★ Wide games
- ★ Water fight

# Sports Holiday Camps

All Super Star Sport holiday camps are designed to keep children safe and most importantly help them have fun throughout school holidays. Hosting a Super Star Sport camp has a very positive influence on the local community. Schools that host Super Star Sport camps in school holidays have had a very positive response from the local community as they are supporting the community when the school would normally be closed.

We have two types of camps that we offer. We can offer a parent paid camp which is fully funded by the parents and the school will charge us facility hire. This will help make money for the school. All administration will be done by us making this an attractive option for many schools.

Part funded camps have become a very popular option recently. Schools pay us a day rate per coach and the school asks for a discounted rate from the parents. Schools have found this very beneficial to keep costs down for parents. This option is very popular with parents because they are paying lower fees for their children to go to a Super Star Sports camp. This system also helps with inclusiveness as it makes it more affordable for parents, meaning there is more opportunity for more children to attend. Please contact us for more information on how these camps run and the cost implications.

“

A huge thank you to all the team at SSS, my boys have had a fantastic week with you. They already can't wait to come back for lots more fun!!

*St. Peter's Camp Parent*

**Across our branches, we run camps all over England. Here's just a few of them:**
